Women Development Cell

Annual Plan 2023-24

The Women Development Cell of Maharashtra College has been working relentlessly for the all-round development of our girl students. Each year we devise an annual plan and execute it in letter and spirit so that we are able to groom our students and inspire them to reach new heights. The academic year 2023-24 started with a great fanfare. The students jostled towards college to embellish their personalities with all-beneficial traits. And the WDC left no stone unturned in providing them a platform where they can exhibit their talents and learn something new and useful with each activity.

- 1) We aim to organise a debate competition pertaining to issues working women face in today's world in the month of August.
- 2) We intend to organise a programme in collaboration with other stakeholders on the topic "Unveiling the purpose of life". We would like to hold this programme in the month of September – just before the semester-end exams, so that our students get inspired to realize their dreams.
- 3) We plan to organise a lecture on the topic "Personality Development and Menstrual Hygiene" in the month of September.
- 4) In the month of January, we also plan to organise a quiz on the topic "Indian Achievers" – to make our students aware of the achievements of Indian women and to motivate them to attain the same summits.
- 5) We are also set to have a lecture on the "Great Muslim Women of India", and would like to organise a quiz based on the same immediately after the lecture.
- 6) In the past our experience with movie-screening programmes have been very successful, this year also we are going to organise one such programme in the month of February.
- 7) We would also like to celebrate the International Women's Day on 8th of March with great fanfare. We would like to organise a poster-making competition and would also organise a fun-fair programme for the students.
