The room predominantly hosted female attendees, but a notable number of male students also participated, actively contributing to the promotion of women's rights. 7. Screening of Short Movies

Name of the activity	Screening of Short Movies		
In collaboration with	English Department		
Objectives of the activity	<ul style="list-style-type: none"> • To raise awareness on various gender issues like gender inequality, gender discrimination, girls education, gender responsive budgeting etc. • To have a healthy discussion on the role of women in society 		
Date	1 st March 2024		
Class/ participant/level	students of all classes		
No. of participants	Male = 06	Female = 45	Total = 51

The Internal Committee and English Department organized screening of various gender related short movies titled Juice, Methi ke Ladoo and documentary ‘EqualHalf’ in the college Auditorium on March 1, 2024.

The short film ‘**Juice**’ focuses on gender inequality and the distorted vision of gender roles in a male-dominated society. The students had a great interactive session about how the mother plays the role of the host, cook, caretaker, cleaner and crisis manager whereas the father simply plays the host and enjoys the party with the guests. They learned that it is not necessary to be rebellious all the time, but women may take a quiet stand by identifying and taking control of their own decisions by simple silence.

Short film ‘**Methi ke Ladoo**’ is a story of two daughters who are very different from each other. The message from the film was how even in modern society the women’s role is to bear children after marriage.

The documentary ‘**Equal Half**’ was an eye opener on how Gender-responsive budgeting (GRB) is government planning, programming, and budgeting that contributes to the advancement of gender equality and the fulfillment of women's rights. Students learned that it is very important to have gender equality and the needs of women should be accomplished.

Despite the fact that all of the short films were about gender equality, the themes and genres varied, and the students engaged in healthy discussion about their own experiences and perspectives on gender issues. 51 students participated in the event.

To mark the International Women’s Day, WDC organizes some event each year. On 6th March, 2024 WDC in collaboration with NCC (Girls Unit) organized a movie-screening programme. The purpose was to make the students aware of women-oriented movies, and give them a message of the success women can attain if they work with a fearless and determined attitude.

Women oriented movies are important because they can challenge stereotypes, inspire women, and motivate society to improve. Women centric movies challenge patriarchal thinking, they can show that women can do anything that men can do and that women have rights over their own lives. Women oriented movies can serve as role models for women who have fewer opportunities. Movies can be used as a medium to inspire and motivate society to incorporate best practices. The portrayals of women in cinema can lead to multiple effects in society. This was precisely the reason why the WDC arranged for the screening of the movie for the students.
